

APPROACHING FIRST GREAT DECISION

MUST MAKE RULING ON JAPANESE RATIO IN NAVAL LIMITATION

Japs Seek Seventy Per Cent Ratio—Understood American Delegation Stands Firmly for the Hughes Proposal—British Are in Accord with America in Many Respects

(By The Associated Press)
WASHINGTON, Nov. 28.—The Washington arms conference is approaching its first great decision. It was announced tonight by Admiral Kato, chief Japanese naval expert, that Japan seeks a seventy per cent naval ratio.
At the same time, it was announced with equal authority that the American delegation stood firmly on Secretary Hughes' "5-5-3" ratio proposal which means a sixty per cent status for Japan. The conference ultimately must reconcile these two views or accept one or the other to reach agreement on naval limitations.
Vice-Admiral Kato said the seventy per cent ratio was the minimum necessary for Japanese security.
The American view is that sixty per cent for Japanese is the maximum naval strength that is to be accepted in view of American liabilities in the Pacific.
Tomorrow, the naval experts of the five powers will hold their first meeting in nearly a week.

LOST BATTALION HERO DISAPPEARS FROM STEAMSHIP

**Associates Unable to
Account for His
Action**

(By The Associated Press)
NEW YORK, Nov. 28.—Lieutenant Colonel Charles W. Whittlesey, hero of the famous "Lost Battalion," has disappeared from the Steamship Tolca on which he sailed Saturday for Havana, according to a wireless message received here today.
News of the famous soldier's disappearance came in the following message received here from the captain of the ship:
"Passenger named C. W. Whittlesey disappeared. Left several letters."
Officials of the United Fruit Line, operators of the ship, confirmed the fact that the passenger in question was Lieutenant Colonel Whittlesey thru his relatives.
Members of Mr. Whittlesey's law firm here were at a loss to account for his proposed visit to Cuba. When he left the office of the firm Friday he announced his intention, they said, of attending the Army-Navy game on the following day. It has since been learned that Colonel Whittlesey purchased a ticket for Havana the following morning and sail that day.
His business associates declared that his mind was clear and that he apparently was in good health otherwise when last seen. He seemed cheerful they added and declared they were unable to explain his seemingly strange action in going away as he did, without notifying them of his plans.

ANOTHER CHANCE IS GIVEN WARSAW BREWER

(By The Associated Press)
PEORIA, Ill., Nov. 28.—The calendar for the fall term of the federal court is practically cleaned up and federal officials are leaving to prepare for the opening of the session at Springfield.
Granting two months time in which to obtain a new permit for the manufacture of beer for dealcoholization purposes and placing the company under \$50,000 bond to insure its observance of federal statutes, Judge Louis FitzHenry this afternoon granted the Pohl-Gier Brewing Company, of Warsaw, Ill., permission to re-open.
The brewery was closed October 18, following a raid conducted by United States deputy marshals and federal prohibition officers. Subsequently the company was charged with manufacture, sale and transportation of malt beverages containing more than one-half of one per cent alcohol, the latter charge growing out of a violation of Section 240 of the interstate freight act.

MANY WINDOW GLASS OFFICIALS ARE INDICTED

**Charge Violation of
Sherman Anti-Trust
Law**

(By The Associated Press)
NEW YORK, Nov. 28.—The federal grand jury late today returned an indictment charging 51 individuals and 53 corporations in the window glass industry with violation of the Sherman anti-trust law. Joseph M. Neenan, president of the National Glass Workers union, also was indicted on similar charges.
In naming President Neenan, the indictment charges conspiracy between the labor union and the glass producers to limit production, thereby enabling the defendants to arbitrarily maintain excessive prices for the commodity.
The Johnston Brokerage company, an alleged selling agency, also was named in the indictment. This agency, the indictment declares, was part of a "price scheme to enable the defendants to combine, to dictate terms of sale and to eliminate competition."

Indictment of Mr. Neenan, according to William Hayward, federal district attorney, will test the validity of provisions of the Clayton act and the civil service bill, extending immunities to labor organizations under the anti-trust laws.
The corporation defendants named are located in Delaware, New Jersey, Indiana, New York, Wyoming, Kansas, Ohio, Pennsylvania, Illinois, Louisiana, Oklahoma and Texas. They include, Mr. Hayward declared, the window glass manufacturers of the United States and about two thirds of the window glass industry.

The defendants are charged generally with a combination and conspiracy to suppress competition and arbitrarily to control the sale and shipment and delivery of window glass into the southern district of New York as well as in other parts of various states.

For the purpose of effectually carrying out the alleged conspiracy to arbitrarily fix excessive prices, it is charged an agreement was entered into with the labor union of the National Window Glass Workers through Mr. Neenan, whereby the quantity to be produced annually by each of glass manufacturers within the period which the manufacturers were to operate their plants and factories and the amount to be manufactured by each of the employees were pre-determined and prescribed. It is alleged further that in pursuance of this agreement the employees did not engage their services to any manufacturer who did not sign the so-called "wage scales" and that as soon as the amount of window glass prescribed under the scale, the employees were withdrawn and that fines and penalties were imposed upon the employees by their union for violation of this agreement.

CAN'T BE BLAMED IN RAIDING WRONG HOUSE

(By The Associated Press)
WASHINGTON, Nov. 28.—Prohibition agents who raided the wrong house, after exerting the usual care, cannot be held to blame, prohibition Commissioner Hayes, in effect, held today in exonerating E. B. Henson, a special agent, from charges preferred by Mayor Stewart, of Savannah, Ga.
Henson was charged by the Savannah mayor in protests sent to President Harding and the Georgia senators with having entered the private residence of Miss Bessie Garden of that city, "without justification and apparently without a warrant."
Commissioner Hayes instituted an inquiry and was advised by Henson that the Garden home was raided by mistake, the entrance having been made from the rear by the raiding party, which had a warrant for a house nearby.
The explanation was considered as satisfactory by Mr. Hayes and it was announced today at prohibition headquarters.

BUSHNELL MAN SHOOT'S WIFE AND SELF

Galesburg, Ill., Nov. 28.—Joe McCluskey of Bushnell, Ill., shot and probably fatally wounded his wife and then killed himself at the home of a friend today. Domestic trouble is believed to have been the cause.

BRIEFS

(By The Associated Press)
DIXON, Ill., Nov. 28.—Three hours after she had been struck and very slightly hurt, by an automobile near Franklin Grove, Bernice Wingert, 13 year old, daughter of Rev. F. E. Wingert of Franklin Grove, died from heart failure at a nearby house to which she walked unassisted after the accident, last night.

PEORIA, Ill., Nov. 28.—James Davidson, taxi-cab operator, today is held as one of the leaders of a gang of automobile thieves while Charles Arnold and John Peterson, Peorians, are held by the police as participants in at least seven automobile thefts committed in this city recently.
Police are also in search of another man, who is said to be the "big chief," of the gang. His arrest is expected at any time, according to the police.

JOLIET, Ill., Nov. 28.—A delegation of fifty depositors in the Auburn State bank, accompanied Assistant State's Attorney Frank Peska of Cook county to the state penitentiary, where they appeared before the pardon board here today to oppose the parole of Thomas F. McFarland and Mark Bransfield, officials of the bank, now serving from 1 to 10 years for embezzlement.

PEORIA, Ill., Nov. 28.—Lowering himself sixty feet to the ground by a wire rope fashioned from parts of his bed spring, Archie Pollock, under a year's sentence for attempted highway robbery, escaped from the county jail some time last night, according to announcement from the sheriff's office today. It was his second attempt in eight days to break out of the county prison.

LINCOLN, Ill., Nov. 28.—W. A. Musick, prominent land owner at Benson, was arrested today on a warrant charging him with forgery amounting to \$10,000. He is said to have signed the name of Daniel E. Curry, a retired farmer and former Logan county supervisor for three notes. Civil suits for the recovery of \$20,000 were also filed against him. Musick, it was said, was caught by a falling market in farm land speculations and forged the notes in an effort to avert bankruptcy.

SPRINGFIELD, Ill., Nov. 28.—A petition of the Macomb Telephone company requesting that the Mann Telephone company charge a ten cent toll rate on all messages from the lines of the Mann Telephone company from Bushnell to Macomb, was denied today by the Illinois Commerce commission.

MILWAUKEE, Nov. 28.—Wages of 3 to 8 cents an hour affecting 2,500 workers were put into effect today in the plants of the Plankington Packing Co., and Cudahy Brothers company.
The reduction was accepted by the workers following conferences with the owners thru representatives of the Workers Council.

SPRINGFIELD, Ill., Nov. 28.—The Illinois Traction system was cited by the Illinois Commerce commission today to appear before it in Chicago, December 14, to show cause why the station at Muncie, Ill., has been closed.

CHICAGO, Nov. 28.—Six months ago Francis Marion Reed of Decatur, Ill., fled his home town, taking with him the \$60 which he and his wife had saved. He left his wife behind. On Friday she came to Chicago to look for him after disheartening efforts to support herself. Two days' search was fruitless, and on Saturday night, she drank poison. Doctors at the county hospital said she would live and she's going back to Decatur to start all over again.

ELGIN, Ill., Nov. 28.—Elgin high school, champions of the "big seven" conference and of the state, outside of Cook county, will play Ansonia, Conn., high school at Ansonia next Saturday. The "Maroons" tied with Hyde Park, 7 to 7, early this season. The Elgin preps have been defeated but once in three years, and that at Stamford, Conn., last December, 7 to 0.

SPRINGFIELD, Ill., Nov. 28.—M. H. Fix, electrician of Decatur filed a voluntary petition in bankruptcy in the federal court here this morning. His liabilities were scheduled at \$10,244.74 and his resources at \$1,051.28.

MARYSVILLE, Calif., Nov. 28.—A pair of socks comprised the clothing worn by Allen McDonald of Fresno, Calif., when he walked into Marysville, last night, foot sore and weary. He shiveringly told the police two men he met in a box car had robbed him of his other clothing and a valuable watch and ejected him from the box car some miles from here.

VIEWS CONFLICTING ON MODIFICATION OF CONSENT DECREE

Campbell Would Save People from Wholesale Grocers

(By The Associated Press)
WASHINGTON, Nov. 28.—Conflicting views as to the advisability of modifying the consent decree which requires the "big five" meat packers to give up the handling of "side line" products were expressed today by representatives of California Fruit Growers and Canners at the opening sessions of a hearing before a special government commission.

After Vernon Campbell, general manager of the California Cooperative Canners' association had urged modification of the decree to "save the public from the clutches of wholesale grocers," and to insure cheaper distribution of canned fruit products, Elmer Chase, president and Preston McKinley, secretary of the Canners' League of California vigorously expressed opposition to any change in the court order which prevents the packers from distributing canned and dried fruit.

Mr. Campbell charged that wholesale grocers were resorting to coercion in an effort to keep Western Canners from advocating modification of the decree.
The two canner league officials declared that the majority of California fruit canners were unalterably opposed to letting down the bars to the packers.
The chambers of commerce in San Francisco, Los Angeles, Sacramento and San Jose, they added also had gone on record as opposed to the proposed modifications.

KANSAS MINERS ARE SUPPORTING ADMINISTRATION

**More Than Half of Them
Are in Line, Says
Lewis**

(By The Associated Press)
INDIANAPOLIS, Ind., Nov. 28.—More than half of the coal miners in Kansas are supporting the administration of the United States Mine Workers of America under President John L. Lewis, who recently deposed Alexander Howat, as president of the Kansas district for refusing to order strikers at two mines to return to work, according to the report made at today's meeting of the executive board of the union by Howat's successor, George L. Peck. No action was taken by the board which adjourned until tomorrow after hearing the report.

Mr. Peck, who was appointed provisional president of the Kansas union by President Lewis reported that between 4,500 and 5,000 miners are working in Kansas, that 1,500 left Kansas for other mine fields because of the dispute between Howat and the international and that 2,500 others had been expelled for a failing to support the provisional government set up by Mr. Lewis.

Restoration of union membership for the expelled miners rests with the international board. The 2,500 men automatically expelled themselves by failing to go to work by November 25, following the big walkout of Kansas workers in protest to Howat's expulsion, according to Peck's report.

STUDER'S RECORD IS SENT TO LOS ANGELES

(By The Associated Press)
PEORIA, Ill., Nov. 28.—The record of Dr. Joseph Studer in custody at Los Angeles on a charge of murdering his aged mother, was wired the chief of police of Los Angeles tonight by Dr. George Zeller, superintendent of the Peoria State Hospital.
A message received from the chief of police said Dr. Studer was pretending to be insane and asked if he had ever been in an asylum here.

The records show the physician was an inmate at the hospital here for about thirteen months, remaining all of 1911 and being discharged early in 1912.
Dr. Zeller said Dr. Studer's commitment followed numerous escapades.
The physician was a strong drinker and used drugs, Dr. Zeller said.

MONTANA GIVES FOUCH GREETING

Billings, Mont., Nov. 28.—Eastern Montana white residents and Indians paid tribute to Marshal Fouch today. Arriving at Crow Agency at 7:25 this morning, the marshal smoked the ceremonial pipe with Chief Plenty Coups, visited Custer battlefield and was made a chieftain at a big Indian dance on the snow beneath a drizzle of rain.

WOULD USE DEBT OF ALLIES FOR REHABILITATION

**Vanderlip Would Use
Money to Put Europe
on Feet**

(By The Associated Press)
NEW YORK, Nov. 28.—Recognition by the allies of their eleven-billion dollar debt to America as a just debt agreement by this country to easy payments and the money thus repaid to be used in rehabilitating Europe was a plan suggested tonight by Frank A. Vanderlip, New York banker, for settling the obligations of the war.

Mr. Vanderlip, who returned recently from Europe where he made an exhaustive study of economic conditions, spoke before the Economic Club. He said he had discussed the debt with the leading responsible government ministers and financiers of Europe and nearly every nation admitted inability to pay.

The United States would be hurt as much by the rapid receipt of payment in the form of goods, the only possible form of payment in view of the demoralization of foreign exchange he said as the allied debtors would be harmed in making the payments.
"The full consequences would be profound," he said, "if the payments could be made and were made with any degree of promptness. We need not look further than to contemplate merely the receipts of \$500,000,000 a year of interest. If that came in the form of goods, our industrial situation would be upset in a way and to an extent we have not heretofore experienced."

"The effect upon our labor situation and the consequent social problems which would be raised would be menacing."
Allied Debt Is Just One.
As the first postulate in his plan, Mr. Vanderlip said he would lay down the principle that the allied debt was a just one, legally and morally and whether it could be paid or not, it should be cheerfully and gratefully accounted as a just debt.

"Next I would want America to be both intelligent and a lenient creditor," he continued. "Terms of payment ought to be adapted to the means of our debtors." In that respect we should take such action in fixing terms of indemnity as an example to be avoided rather than followed.
Concerning what had been done with the money paid back, Mr. Vanderlip said:
"I would like to see every dollar that can ever be paid to us by our debtors for years to come, devoted to the rehabilitation of European civilization. It is only thru such rehabilitation that these debts can ever conceivably be paid. It is only thru the rehabilitation of European civilization that America can ever conceivably realize in full measure her destiny or can expect a full measure of prosperity for her people."

WILL TRY TO BRING DOWN FREIGHT RATES

(By The Associated Press)
DECATUR, Ill., Nov. 28.—A committee to enlist the aid of other Illinois cities in bringing down freight rates on materials used in public improvements was authorized by the city council here today. The city is completing a \$2,000,000 water impounding project, is in the middle of a \$1,500,000 sewage disposal proposition and the community this summer completed seven miles of concrete road. In accordance with the suggestions of President Harding on relief of unemployment other public work is planned.
The council believes that Illinois municipalities should in the interests of the public make a determined effort to reduce material prices before this work is under way.

WOULD IMPROVE FRONT OF THE ILLINOIS RIVER

WASHINGTON, Nov. 28.—Congressman Guy L. Shaw is making a strong effort to obtain an appropriation which will insure the completion of the barge service between Chicago and New Orleans and likewise improve the waterfront which affects that part of the twentieth congressional district as well as territory adjacent thereto.
The towns in Mr. Shaw's district which will be materially benefited by the improvement, are Grafton, Hardin, Kampsville, Montezuma, Florence, Naples, Meredosia, Beardstown, Havana, Pearl, Bedford, Valley City and La Grange.

SINN FEIN LEADERS AWAITING ULSTER'S REPLY TO BRITISH

**Most of Delegation Will Remain in Ireland
Until After it is Made—Are Studying
Reply to Statement—People Anxiously
Waiting for Next Move in Negotiations**

(By The Associated Press)
LONDON, Nov. 28.—Robert C. Barton of the Irish peace delegation returned from Dublin this morning but Michael Collins, Desmond Fitzgerald and others of the delegates will remain in Ireland until after Sir James Craig, the Ulster leader, presents the case of Northern Ireland to the Ulster parliament Tuesday and the cabinet has issued its promised statement in London.

Whether the Sinn Fein will issue a statement simultaneously or wait to reply to Ulster has not yet been decided. It is anticipated that they may wait even until Thursday, the earliest day it is believed possible for a renewal of conversations between them and Premier Lloyd George on the question of the allegiance.

The impression of those in touch with Dublin is that no immediate renewal of hostilities is apprehended. At Sinn Fein headquarters in London the expectation is that the mission will still be here at the end of the week.

AWAITING NEXT MOVE

LONDON, Nov. 28.—Today was one of anxious waiting in England and Ireland for the next move in the Irish peace negotiations with hope still prevailing that after the five months' truce and the prolonged conference over the problem, some way would be found out of the present impasse.
So far as appears the next definite statement likely to reach the public will come tomorrow noon in Belfast, when Sir James Craig, the Ulster premier, will read in the Northern Ireland parliament the statement agreed upon between him and Mr. Lloyd George, giving the cause of the failure of the negotiations between himself and the British prime minister for the establishment of an all-Ireland parliament.

According to a despatch from Belfast this evening the statement will not touch upon what has passed between Mr. Lloyd George and the Sinn Fein representatives, including the latter's withholding of consent to take the oath of allegiance to the crown.

Mr. Lloyd George will return from Chequerers court tomorrow. It was said to arrange for whatever course the Irish negotiations may take and to prepare to go to Washington, should conditions shape themselves favorably or the negotiators agree to a postponement of the conferences which would enable him to leave England at this time.

Ready to Meet Lloyd George.
Arthur Griffith and Robert C. Barton of the Irish delegation were at Sinn Fein headquarters here today, ready to see the prime minister should he desire a conference with them upon his return, while Sir James Craig had further consultations with his cabinet in Belfast.
Mr. Griffith said this afternoon he would not issue a statement at present. He maintained the Sinn Fein view that the Dail Eireann has nothing to do with the conferences between the cabinet and Ulster. A report from Dublin, however, said it was possible that Eamonn De Valera might have something to say.

The belief of the Dail Eireann representatives here, they indicated today is that after Ulster has given her reasons for rejecting the all-Ireland parliament plan the government will continue its negotiations with the Dail delegation, notwithstanding there has been a failure to agree regarding the oath to be taken as a settlement of the plan has reached.

PRESENT DEPRESSION WORST IN HISTORY

(By The Associated Press)
CHICAGO, Nov. 28.—The present depression is the most severe in the history of American farming and it will take fully five years for agriculture to recover from it, Henry C. Wallace, secretary of agriculture declared today in an address at the twenty-fifth annual meeting of the United States Livestock sanitary association. The method of distribution of farm products must be placed on a sound economic basis, eliminating the middleman where necessary, if his services have no economic value, he added.
Commissioners of agriculture, veterinarians and representatives of government research departments attended the meeting.

LADY DECIES HERE FROM ENGLAND

New York, Nov. 28.—Lady Decies, the former Helen Vivien Gould, arrived from England today on the Steamship Carmania. Mrs. George J. Gould, Lady Decies' mother, died suddenly Nov. 13, while playing golf at her country home.

FIVE DEATHS IN NEW HAVEN THEATRE FIRE

New Haven, Conn., Nov. 28.—The death list resulting from last night's fire in the Rialto Theater was increased to five tonight when Miss Mabel Moran of Derby and Allen Keith, a Yale student, died in the New Haven hospital from burns received when flames swept the crowded moving picture-house last night.

Violence Marks Strike of River Front Workers

**Union Sympathizers
And Police Battle
in Street**

(By The Associated Press)
NEW ORLEANS, La., Nov. 28.—Two hundred and fifty policemen battled for an hour today with union sympathizers of striking river front workers.

The battle extended over a space of five blocks. Numerous arrests were made and a number of injured were sent to hospitals.
The clash was the first serious disturbance that has marked the strike, in which 12,000 men are out. Rioting started when non-union workers began to leave their jobs for the day. Iron bars, bricks, clubs and fists were used freely by both sides.

Police reserves were called to the scene and plunged into the struggle. The official estimate is that at least 20 men were seriously beaten although many of these had not reached the hospital for some time after the fight, preferring to make their escape down side streets. None of the injured cases reported will prove fatal, hospital authorities say.

Tonight heavy forces of harbor guards augmented the police on river front duty and large reserves were held in the more central precinct stations.

Since Secretary Wallace estimates that the cost of burning corn at 10 cents a bushel is equal to coal at \$5 per ton there is not likely to be any of the corn burning process in these parts. This is especially true now that the corn price shows some upward tendency.
The goal in the United budget campaign has not yet been reached but the work of solicitation is to be continued. Meanwhile it is worth remembering that substantial sums were raised for each of the causes represented and all received a great deal of publicity which will prove of aid in securing support for the work in other years.
A new hotel is one of the possibilities of coming months and now a movement for a coliseum has taken on some definite form. Both buildings would be mighty desirable additions to the city and the projects need not conflict. However the need for larger hotel facilities is the more acute.
THE IMPORTERS' OPPOSITION
The fact that the big importers in this country are against the American valuation plan, to my mind, is a very good reason why we should adopt it," declares Representative Isaac Bacharach, of New Jersey, a member of the ways and means committee. Mr. Bacharach is a strong supporter of the plan. He says further: "We do not want this country flooded with imported goods at the present low wage scale of Europe and the orient and the only way we can compete under the rates proposed in the Fordney law is to have the tariff based upon the cost value of similar goods made in the United States."
There is no question but that the disparity in the wage scales here and abroad is far greater than it was prior to the war. While it is true that wage scales in foreign countries have advanced since 1913, that advance is nothing like as pronounced as it is in the United States. If we should assume an advance in the wages paid ordinary labor of 75 per cent both here and in England, for example, we should have a situation something like this, on the basis of a daily wage of \$2 here and \$1 for similar pre-war labor in England; today, \$1.75 a day in England, and \$3.50 in the United States. Where the British manufacturer had an advantage of \$1 in 1913, today he would have an advantage of \$1.75.
TAXES IN CITIES
The St. Louis Globe Democrat makes the following interesting comment on municipal taxes: "In forty-four American cities having from 100,000 to 300,000 population, the municipal expenditure in 1919 averaged \$30.37 for each man, woman and child therein resident. This average varied greatly, according to the city, being but \$14.48 in Birmingham, Ala., and ranging up to \$49.97 in Bridgeport, Conn. The average in Jersey city was \$41.67, in Spokane \$32.13, in St. Paul \$30.34, in Columbus \$28.73, in Toledo \$25.78, in Louisville \$24.30, in Fort Worth \$24.31, and in San Antonio \$20.58.
Our taxes for municipal purposes have always been in the past our most burdensome taxes. This \$30.37 per capita for this group of cities merely means that the total municipal expenditure has been divided among all persons, who include many non-producers, many women and children and other dependents, many property-less persons who pay no taxes, directly or indirectly. The average for each taxpayer would be much higher and that higher average would mean rather heavy payments proportioned to the means of persons in limited circumstances. But on the basis that the total population of the United States is something more than 100,000,000 and that the revenues are something more than \$5,000,000,000 federal taxes would average \$50 for each man, woman and child and considerably more for each taxpayer.
"In the fact that the federal tax has now become the most burdensome of all tax impositions, is found a compelling reason for a consistent, unceasing reduction in federal expenditures and in federal demands on the property of the people."

FUNERAL OF MRS. WATT HELD AT WINCHESTER
Large Number in Attendance at Funeral of Mrs. May Gibbs Watt Monday Afternoon—Other Winchester News.
Winchester, Nov. 28.—The funeral of the late Mrs. May Gibbs Watt occurred at 3 o'clock Monday afternoon at the Baptist church. The large auditorium, Sunday school room and gallery were filled with relatives and friends of the deceased, who held so large a place in the community. Members of the Woman's Club, the Ladies Aid, Eastern Star order and the Relief Union were present in a body.
The Music Club beautifully sang "List the Cherubic Host," from "The Holy City" (Gaul), assisted by S. G. Smith, soloist. The Scripture lesson was read by Rev. W. R. Johnson and Rev. Mr. Breech of Danville, former pastor and intimate friend of the deceased, offered a fervent prayer.
Following a solo, "My God and Father While I Stray," by Miss Louise Frost, an obituary sketch was read by Rev. Mr. Johnson and a memorial from the Woman's Club was presented. The funeral discourse was delivered by Rev. Mr. Johnson and the closing number was a solo, "Light After Darkness," (Frances Havergal) by Rev. Mr. Breech.
The long cortege then moved to the cemetery, where the burial was made. The pall bearers were Claude Thomas, Dan T. Smith, W. B. Clark, Albert Hainsfurther, R. E. Miller and E. J. Frost.
The beautiful floral offerings were in charge of Mrs. Dan T. Smith, Mrs. James Overton, Mrs. Albert Watson, Mrs. Albert Hainsfurther, Mrs. E. J. Frost and Miss Letha Riggs.
Among those here to attend the funeral were Rev. and Mrs. Breech of Danville; Mr. and Mrs. S. W. Babb, Jacksonville; Miss Miller, St. Louis; Mr. and Mrs. John Lloyd, Springfield; Mrs. Lorton and son Harold, Mrs. C. L. Jones, Beardstown; Henry Lloyd and wife, Virden; Mr. and Mrs. George North, Mrs. Tunison, Mrs. Edward McMahon, Mr. and Mrs. Edward Ross, Mr. and Mrs. William Tankersley, Jr., Mr. and Mrs. George Hill, Mrs. Charles Davis, all of White Hall; Mr. and Mrs. John Gibbs, Jacksonville.
Miss Maurine Mader returned to Kalamazoo, Mich., Monday to resume her teaching duties after a Thanksgiving visit here.
Mrs. Effie McKean of Springfield and Anton Obermeyer of Chicago have been enjoying a visit here with their mother, Mrs. Peter Obermeyer.

LOCAL PEOPLE WILL ATTEND CONFERENCE
State Public Welfare Conference Will Be Held in Peoria December 4-6.
The state Public Welfare Conference to be held at Peoria, Dec. 4-6, will be attended by several local persons interested in social service work here. This conference will be the twenty-sixth annual gathering of the social workers of the state, and includes both paid officials and volunteer workers. The name of the annual meeting was formerly "Charities and Correction Conference," but it is now the Public Welfare Conference.
The sessions will open with a mass meeting Sunday, December 4, at the Majestic theater, where Mayor Victor P. Michaels will give Peoria's welcome. Purposes of the conference will be outlined by C. H. Jenkins, director of the state department of public welfare, and by Leo A. Phillips of Chicago, president of the conference. An address by Bishop Edmund M. Donne of Peoria will conclude the first session.

SCOTT COUNTY FARMER DIES BY OWN HAND
William R. Campbell Found Dead in Barn at Home Near Winchester Late Sunday Night—Had Complained of Pain in Head
Winchester, Nov. 28.—The community was saddened Monday by news of the death of William R. Campbell at his home on the old Hamilton homestead one mile west of town. Mr. Campbell, who was forty-eight years of age, committed suicide at a late hour Sunday night. He had complained at various times Sunday of pain in his head.
About 10 o'clock Sunday night Mrs. Campbell left the living room for a bedroom upstairs and was soon asleep. An hour or more later she awakened and noticing the light still downstairs, called to her husband. No response came and then Mrs. Campbell went downstairs and failing to find her husband, called her daughter. The two then searched the house and afterward lighting a lantern went to the barn. There they found the lifeless body of Mr. Campbell in the hay mow with a rifle at his side. A bullet wound in the head gave the evidence of self-destruction.
Neighbors were communicated with and later Coroner Webster and an undertaker arrived at the farm. Coroner Webster empaneled a jury which included John C. Moore, Vernard Moore, William Butzback, N. B. Murray and S. M. Smithson. The coroner's jury returned a verdict that death came from a gun shot wound inflicted by his own hand with suicidal intent.
Mr. Campbell was a man of fine character and was known as one of the substantial hard working farmers of the community. For some years he engaged in teaching school and was successful in that work. He is survived by his wife and seven children. The bereaved family has the sympathy of all in this sudden bereavement.
The funeral will be held Wednesday morning, probably at 10 o'clock at the residence.

DEVEREUX PLEASES LARGE AUDIENCES
Appeared Afternoon and Evening at Woman's College—Rosmersholm Is Night Offering, Romanancers Is Matinee Piece.
Clifford Devereux and his company presented "Rosmersholm," Tuesday night at Illinois Woman's College Music Hall before a large audience. "Rosmersholm," the finest of Ibsen's plays, gave this company the best opportunities for fine, artistic interpretation, for which it is famous.
This drama is a supreme example of action, setting and character, merging into one unity of spiritual change. The slow intense spiritual change of the play was faithfully shown by the players. Miss Graf, as Rebecca West and Devereux, as Rosner, were pieces of finished character development. "Romanancers," their matinee program, a lighter but no less perfectly given piece, was played to a full house. This company has eight consecutive seasons of performance of the best in drama from the old Greek tragedies to the modern play. Artistic productions have made its reputation the highest. Miss Graf, who has been with the company five years, has extraordinary range and quality in her characterizations, and possesses a wealth of gifts so necessary to the success of an actress.
The people of Jacksonville and the community should be grateful to the Woman's College for bringing to them such a wonderful treat in drama.

Clothes and the Man
There's a big difference between a dolled-up dude and a well-dressed man.
You can see the difference on the outside, but the big difference is on the inside.
It's the same difference that distinguishes good clothes from clothes that merely attract attention by offending good taste.
Good clothes, such as those built to the man by ALBERT RENNER have that enduring quality of workmanship in them that never wears out. Wear them every day and Sunday, too, if you want to. Wear them until they're frayed, if you will. But the longer you wear them, the better they hang, the better they feel on you, the better they FIT. They will always look like GOOD clothes.
The same sort of quality inside of men, makes other folks call them BIG men.
Ask ALBERT RENNER to show you the selection of fabrics available for that kind of clothes!
Come in and let us show you—We welcome the opportunity and it places you under no obligations to buy.

INDOOR GOLF COURSE

WILL SOON BE READY

Expect to Have Room in Elks Home Fitted Up by Last of Week—Professional Will Give Instructions.

The Municipal Golf association will have its indoor course fitted up at the Elks' club by the end of this week. The equipment has arrived, and the professional, J. Keywood, of Chicago, will be here by the first of December.

Mr. Keywood comes highly recommended, and will instruct classes of golfers until spring at least, and will make suggestions for various improvements on the Nichols park course.

The equipment for the indoor course consists mostly of nets, which will be put around the room to protect the windows and walls from the shots. This equipment will enable the golfers to practice all winter so that they will be able to go out on the course in the spring with more knowledge of the game.

CHILDREN OF THE AMERICAN REVOLUTION

The Children of the American Revolution have been given a room on the third floor of the Governor Duncan memorial by the D. A. R. The members of the younger organization are starting to collect old pieces of furniture for their room.

The C. A. R. had a party in the Duncan memorial Saturday afternoon and played games and sang songs. Mrs. Paul Thompson told war stories and some of the children told of the acts of their revolutionary ancestors in the war. The name of this chapter is to be taken from an ancestor of one of the members who did something exceptional in the Revolution.

Children with Revolutionary soldiers on either their father's or mother's side are eligible to membership in the C. A. R., so this makes the organization very democratic.

SAMPLE CASE FOUND

The sample case stolen from the Cannon lunch room last week was found by the police yesterday in a barn in the rear of the property just east of the Jacksonville Transfer company. MOVEMENT ON FOOT
TO FORM NEW LABOR
ORGANIZATION HERE

Would Be Similar to the
British Labor
Party

(By The Associated Press)
CLEVELAND, O., Nov. 28.—A
movement is underway to form a
labor organization in America
similar to the British labor party
it was indicated today, when the
national executive committee of

the Socialist party meeting here,
voted to participate in a confer-
ence which will be held at a
later date for this purpose.
Because other organizations
had announced that they were
planning to call such a confer-
ence, it was decided that no call
will be sent out from the Socialist
party for the present at least.
Communications sent to a num-
ber of groups by the Socialist
party following its last national
convention have brought many
responses favoring formation of a
new party, it was said.
Groups which have been asked
to participate are the Farmer-
Labor party, the non-partisan
league, labor unions and farmers'
granges and organizations. Each
would retain its present organiza-
tion under the plan, but would
cooperate and would endorse can-
didates nominated by the labor
party.
A campaign for new members
of the Socialist party will be
started in January when speakers
will be sent out in an effort to
extend the organization.

STATE'S ATTORNEY
AND POLICE CHIEF
BEFORE COMMITTEE

Crowe Refuses to Name Fitz-
morris as Protector
of Vice

(By The Associated Press)
CHICAGO, Nov. 28.—The city
council police committee today
began an investigation into the
charges of Robert E. Crowe, the
state's attorney, that the police
department protected vice, by
calling Mr. Crowe and Chief of
Police Fitzmorris before it with
the result that Mr. Crowe re-
fused to name Chief Fitzmorris
as a protector of the vice he
charges exists, while the chief in
a heated statement, declared that
any man who said he had con-
doned or protected vice, is a
"liar."
Chief Fitzmorris, during his
testimony, also launched an at-
tack on the state's attorney, de-
claring Mr. Crowe had ordered
numerous raids by the men under
him, simply to embarrass the
police department and charged that
these raids were made "for ul-
terior motives."
Previous to the chief's state-
ments Mr. Crowe had reiterated
the charges first made several
weeks ago that the police depart-
ment encouraged vice.

FARM BUREAU NOTES

The Morgan County Farm Bu-
reau News in the current issue
points the following paragraphs:
Proposed Changes in Constitution
A revision committee consisting
of W. H. Crum, O. A. Rohrer and
C. L. Hawker will report at the
annual meeting. They propose to
strike out the date January as
the time of paying dues, to com-
bine the office of secretary and
treasurer; and to have two
members of the executive com-
mittee elected for three years, two
for two years and two for one
year, and thereafter for three
years each at the annual meeting.
The advisory council will be
composed only of the township
chairmen. Provision is also made
for the election of the township
chairmen at the annual meeting
provided the members fail to
elect a chairman on the third
Saturday in November. Further
provision is made for the presi-
dent of the Farm Bureau to ap-
point a chairman for a township
if no election has been held in a
township, and no members from
a township are present at the an-
nual meeting.
The time of the annual meet-
ing will be changed to some date
between December 1 and 15 in-
stead of the fourth Saturday, the
date to be determined each year
by the executive committee.

Hens Plus Feed Equal More Eggs
If you have fed your hens noth-
ing but corn, or corn and oats, a
change to the following ration will
increase your egg production.
Mash—Keep this before them
all the times in open feeders. Mix
equal parts by weight of
Ground corn,
Ground wheat,
Ground oats,
Meat scraps or tankage.
Add 1 pound of salt to above
amount.
Scratch Feed—Feed about 15
pounds per 100 birds daily. Scatter
this in straw so they must
scratch for the feed. Mix equal
parts by weight:
Cracked corn,
Whole oats,
Whole wheat,
Oyster shells should be kept
before the hens at all times.
Cattle "T. B." Tested Free.
Know that your cattle do not
have tuberculosis. Secure a copy
of the agreement for having your
cattle tested under federal super-
vision. It costs you nothing.
You agree to—Get rid of re-
acters.
Import into your herd only
tested cattle.
Disinfect after reactors are
found.
You get—Your herd tested by
a federal veterinarian free of
cost.
When your herd has passed
three annual tests without a re-
acter or suspect, you are placed
on the accredited herd list and
indirectly get a thousand or two
dollars' worth of advertising.
An annual test when no re-
acters appear and a semi-annual
when a reactor is found and a
sixty day re-test on suspects.
Blanks are at the Farm Bureau
office.

**CHILDREN BEG ON
STREETS IN RUSSIA**
PETROGRAD—(By the A. P.)—A
Russian, who was returning to his
native land after ten years of ab-
sence in America and who is very
sympathetic with the Bolshevik gov-
ernment, was amazed at seeing chil-
dren begging about the station im-
mediately after the train had crossed
the Estonian border. As the train
proceeded into Russia, the number of
begging children increased. At every
station they appealed for bread.
"I was told there were no begging
children in Russia," the Russian re-
marked, with surprise, "I heard the
children were all looked after by the
state and it has been decreed that
they were not permitted to beg."
However, the streets of all Russian
cities and villages abound in children
who are asking for bread. They are
numerous among the adults who fre-
quent railway stations in the hope of
getting help from travelers.

ACTION ON PAROLES
FOR BANK ROBBERS IS
CONTINUED BY BOARD

Those Seeking Their Release
Robbed Bank of
\$12,000

(By The Associated Press)
JOLIET, Ill., Nov. 28.—Action
on paroles for four bandits who
robbed the Washington Park
bank in Chicago in 1916 and
are serving sentences in the pen-
itentiary here today were con-
tinued by the pardon board until
1926 and the prisoners conse-
quently cannot obtain a legal re-
lease from confinement until that
date except through action by
Governor Small.
The men are Alex Brady,
Charles Cramer, Harry Cramer
and Harry Sehn.
The bank was robbed of
\$12,000 in daylight, the holdup
being the first daylight affair in
the epidemic of such robberies
which followed. All four were
sentenced in March, 1916, to sen-
tences of from one to twenty
years.
Paroles for the men were fought
at today's hearing by E. S. Arentz
representing the Illinois Bankers'
association, Assistant State At-
torney Peska, of Chicago and a
representative of the Chicago
Crime commission.
Mr. Arentz expressed satisfac-
tion over the action of the par-
don board.

ZBYSKO DEFENDS
WRESTLING TITLE

NEW YORK, Nov. 28.—Stan-
islaus Zbyszko, of Poland success-
fully defended the world's heavy-
weight wrestling championship at
Madison Square Garden tonight
defeating Ed (Strangler) Lewis,
formerly of Lexington, Ky., now
of San Jose, California. Zbyszko
won two out of three falls.
Zbyszko won the second fall in
21 minutes and 26 seconds.
It was a so-called rolling fall
which occurred when Lewis, in
spinning out of a hold rolled on a
shoulder. Lewis left the ring in
protest but was induced to return
and the match continued.
Lewis obtained the first fall
with a flying headlock after 17
minutes and 31 seconds. The sec-
ond, a so-called rolling fall, went
to Zbyszko after 21 minutes and
26 seconds. This fall was called
when Lewis, in escaping from a
half Nelson and scotch hold, per-
mitted his shoulders to strike the
mat. Lewis protested the refer-
ee's decision and left the ring, but
was induced by members of the
state athletic commission to con-
tinue.
The champion won the third
fall and match with a double arm
lock in 14 minutes and 56 sec-
onds.
The referee's decision in giving
Zbyszko the second fall was loud-
ly jeered by a large body of spec-
tators. Tonight's victory was the
hundred and fortieth for the
champion in his 25 years of pro-
fessional competition. He was de-
feated only once, the late Frank
Gotch vanquishing him in a match
that lasted but six seconds.

PEORIA, Nov. 28.—Charles
Edmond, 35, was shot and killed
shortly after midnight by Wil-
liam Killen, 25, in a rooming
house here. Jealousy over Kil-
len's wife is said to have been
the cause of the shooting. Killen
gave himself up to the police.

APPROACHING FIRST
GREAT DECISION

(Continued from Page 1)
effe inimical to legitimate Japan-
ese interests but as an assumption
of a similar friendly attitude on
the part of Japan. On no other
theory to naval officers, would
the proposal be warranted, backed
as it is by the offer to scrap or dis-
continue more than twice the
amount of new tonnage Japan is
asked to abandon.
Reference by Vice-Admiral
Kato to Japan's limited steel out-
put and ship building facilities,
as warranting her desire for a sev-
enty per cent fleet status, recalled
the original view taken of Secre-
tary Hughes' 5-5-3 ratio proposal.
That ratio it is asserted goes far
beyond any attempt at the almost
impossible task of setting down in
figures, estimates of naval
strength relatively. It is based on
the situation of the powers chiefly
concerned. It includes some al-
lowance of American ship build-
ing resources in the estimate of
the relative strength at sea, offi-
cers say for that as well as each
battleship now afloat has its
place in fixing a fair naval prepa-
ration not subject to suspicion as
cloaking hostile designs.
In other words these officers

contend the United States could
build and maintain against Japan
on a two to one or even three to
one scale if it desired. If it is to
be abandoned that advantage they
added to end naval competition
the sacrifice must be met to some
slight extent at least in the fleet
ratio to be fixed.
Mrs. George Shay was a city
arrival from Roodhouse yester-
day.
Mr. and Mrs. J. W. Campbell
journeyed from White Hall to the
city yesterday.

SIZE OF CENTRAL PARK CAUSES BIG ARGUMENT

Almost annually some of our citizens get into an argument as to how many acres there are in Central park.

According to figures given by City Engineer E. M. Henderson, Central park proper contains 2.38 acres. The acreage of the square itself from building line to building line is 5.77 acres. The acreage in the square outside of Central park is approximately 3.39 acres.

People who are interested should cut this out and paste it in their hats or in some other convenient place for future reference.

URANIA LODGE HAD OYSTER SUPPER

Urania Lodge No. 233 had an oyster supper and gave the initiatory degree to two new members, Jack Winsted and T. T. Nunes, Monday evening.

The degree staff is under the direction of Roy Richardson and the work was put on before a large attendance in a satisfactory manner.

The oyster supper was served by a committee consisting of Charles H. Goodey, Fred W. Crabtree and Raley York. More than one hundred members were served. The new oyster bowls were used. These new bowls hold more soup than the old ones, so are very satisfactory to all.

A number of out of town visitors were present and every one had an enjoyable time.

RETURN FROM OLDER BOYS' CONFERENCE

Jacksonville Delegation Home From Decatur—Are Enthusiastic Over Sessions

The eighth annual Older Boys' conference, held at Decatur, November 25 to 27, inclusive, was very successful in every way and was the greatest conference ever held by the older boys of this state. Over 1,200 boys joined hands and sang, "Blest Be the Tie That Binds," closing the last session.

Secretary Findley and the Jacksonville delegation arrived home yesterday, full of enthusiasm over the conference. During the sessions they heard such men as E. C. Wolcott, Dr. John Timothy Stone, Leonard Paulson, Dr. Fred H. Stone, Prof. P. G. Holden, K. A. Shumaker and J. H. Hanberg deliver inspirational and challenging addresses.

One of the sessions was devoted to the fathers, who were given a chance to hear some of the most widely known boys workers in the country. Young men, prominent in schools and colleges also addressed the boys, among them the captain of the U. of I. track team and the captain of the Northwestern university track team.

Everything possible was done to furnish entertainment for the delegates, and during the last session, several individuals spoke with gratitude of Decatur's reception for the boys.

One of the important ideas brought out was the problem of bringing back to the high school, all Y clubs and employed boys' brotherhoods of the towns represented. The inspiration and challenge to higher standards received at the conference. To help the delegates in this respect, the conference officials gave pamphlets to all of the delegates, with pictures of the speakers and officials in them, together with the program of the sessions and several blank pages for taking down notes. The local boys are very grateful that they had the opportunity to attend the conference.

DUNCAN CLARK
TALKED AT ILLINOIS

S. J. Duncan-Clark of Chicago, talked at Illinois College chapel Monday morning on "Importance of the Spiritual Element in Life."

The students heard with much interest, the story of Mr. Duncan-Clark's experience from cub reporter up to editorial writer on the Chicago Evening Post, and writer at the Versailles Peace conference. The speaker told of many episodes and phases of his life and he said that out of it all had come certain firm convictions. "The spiritual values of life are most important. If you allow your mind to stay on the lower planes, you miss the best things in the world," he urged them not to forget this admonition wherever and whatever they might find themselves. Mr. Duncan-Clark is a forceful speaker and held the close attention of the Illinois students.

CRIMINAL HEARINGS BEGIN IN CIRCUIT COURT

Oscar Gray Sentenced to Chester on Forgery Charge—Other Cases Dismissed—County Has Possession of Patrick Cunningham Property—Various Court Orders.

The hearing of criminal cases began in the circuit court Monday with Judge E. S. Smith presiding. Oscar Gray, who is charged with forgery, was arraigned and after the work of securing the jury had begun, determined to enter a plea of guilty. Gray took this course and was committed to Chester penitentiary until discharged according to law. Gray was accused of passing a forged check on T. C. Travis. He could have gone to the reformatory at Pontiac but expressed a preference for the southern Illinois penitentiary.

The charge against Guy Alexander of Nortonville for assault with intent to kill was dismissed on motion of State's Attorney Robinson, who stated that the evidence was not strong enough against Alexander to justify a trial.

The case against William L. Hart, charged with forgery, was dismissed with leave to reinstate.

A second case against Oscar Gray on a forgery charge was dismissed after he had determined to plead guilty to another case.

The case of Ellsworth Pires, charged with the murder of James Gaddis, is scheduled for hearing late in the week. His attorney, W. N. Haigrove, said yesterday that a continuance will be asked.

Several hours of the court session were taken with argument of a demurrer entered in the case of the Automatic Carbonic Machine Co. vs. Thomas Calley and Christos Genetos, partners. Judge Smith took this matter under advisement.

Law Cases.

In the action of Harry A. Roman against Henry S. Green, leave was given the defendant to plead by Dec. 3.

In the assumpsit suit of the Grain & Supply Co. of Neelyville vs. James E. Bennett, demurrer was filed to the additional replication.

In the matter of the estate of Patrick Cunningham, the final order was made and the cause stricken. By the proceedings just completed, the county comes into the ownership of a residence property on South Clay avenue. Several years ago Mr. Cunningham died without heirs and State's Attorney Robinson instituted proceedings to have the county secure the estate in accordance with law. The personal property amounting to \$3,000 or \$4,000, is already in the hands of the county treasurer and now the real estate passes to the control of the county commissioners. The property can either be sold or retained and rented.

In the assumpsit suit of Ray Hogan vs. Roy Goodrick a rule was entered on the plaintiff to file a bill of particulars.

In the assumpsit suit of Anton G. Bergschneider vs. Jacksonville Grain & Commission Co., rule was entered requiring the plaintiff to file a bill of particulars by Tuesday, Nov. 29.

In the trespass suit of Goldie Cohen vs. Benjamin Cohen, demurrer was entered to the declaration.

The distress for rent suit of Catherine Caldwell, et al., vs. Frank Hiennan was dismissed in accordance with the stipulation filed.

The assumpsit suit of Frank J. Kallal vs. Charles Wood was dismissed.

In the assumpsit suit of Jacob Strawn vs. C. N. Priest rule was entered requiring the defendant to plead by Nov. 29, the motion for a specific bill of particulars being denied.

Chancery.

In the bill brought by Noah Hudson, et al., vs. John Garvin, et al., the exceptions to the master's report were sustained. The exceptions of the complainant were noted and the cause was referred to the master.

In the bill of M. F. Dunlap vs. Calvin Lawson, demurrer was entered to the second amended cross bill.

In the divorce suit of H. A. Maddox vs. Blanche Maddox, motion was made by the defendant for a rule on the complainant requiring the payment of temporary alimony and suit costs.

In the foreclosure suit of Anna Lohman vs. Timothy O'Connell, masters report was filed and approved.

The bill relating to the affairs of the Manchester and Murrayville community high school districts was referred to the master for the taking of evidence.

In the partition proceedings of John H. Wilker vs. Ella Kupfer, decree appointing commissioners was filed and approved.

In the suit brought by William B. Sage against Samuel Robinson to quiet title a decree was entered in accordance with the bill and the cause was stricken.

In the divorce suit of Ada J. Stice vs. Burley Stice, motion was made by the complainant to require the defendant to pay a temporary alimony and the suit costs.

DEATHS

McCabe.

Miss Getrude McCabe of Granite City died at a local hospital at 1 o'clock Sunday afternoon. She was 36 years of age at the time of death. The remains were removed to Gilham's Funeral Home and prepared for burial and were shipped to Granite City Monday where funeral services will be held and interment made.

Waters.

William Waters of Chapin died at the home of his daughter, Mrs. Phillip Braner, 746 East College avenue at 2 o'clock Monday afternoon. He has been in failing health since last April. Last Thursday he suffered a paralytic stroke and death came at the hour indicated.

Decedent was born in Winchester, Feb. 24, 1855. On Feb. 11, 1877, he was united in marriage to Miss Maggie Green of Winchester, who survives. He also leaves one son, Harvey G. Waters, of Chapin, and one daughter, Mrs. Phillip Braner, of this city. One son preceded him in death several years ago.

Funeral services will be held Wednesday afternoon at 1:30 o'clock from the Christian church in Chapin.

AUTOMOTIVE MEN HAD BUSY SESSION

Committee Named to Start Coil-seum Movement—City Council Commended for Wheel Tax Action and Resulting Pavement Repairs.

The Jacksonville Automotive Dealers' association held its regular monthly meeting Monday night at the Dunlay hotel, presided by a baked chicken dinner which included all the good things that usually go with such a feast. The table was spread in the main dining room and the guests served under the direction of Manager John Rule. There were about twenty-five persons present, the guests list including W. J. Houston, of the newly organized firm of Depp, Houston & McNamara; John Snyder, good roads booster; Gene Caldwell, of the Overland company; William Gregory of the Chevrolet company, and J. L. Suter of the Ford company.

At this meeting the report of the secretary on the recent automobile show and merchants exposition was heard, following which was a general discussion of the benefits the community derived from such exhibitions and tentative plans made for a greater and more comprehensive show to be staged next spring. It was the unanimous opinion that all such events are of untold benefit to the public at large.

Favor Coil-seum.

It was recalled last night that at the Booster banquet following the recent show, F. E. Farwell, in course of his address, mentioned the city's need of a coil-seum, one sufficiently large to take care of exhibitions of all kinds, conventions and the crowds that would ordinarily attend sport tournaments. The mention of the coil-seum met with an enthusiastic reception, and following a motion President Claus appointed R. T. Cassell, W. J. Houston and Oran H. Cook, as a permanent committee, to investigate the proposition, to obtain preliminary plans of a building thought to be suitable, its probable cost, location, etc. and report at next meeting. When something tangible and definite is obtained other organizations of the city will be invited to hear the committee and to join in putting over one more really big movement forward for Jacksonville.

Strong for Hard Roads.

Each of the guests present made a short talk, expressing interest in the various objects which the association stands for, promising co-operation, and complimenting the association on the things accomplished by it thus far.

The matter of new hard roads for Morgan county and leading into Jacksonville was discussed at length, the general feeling being that there was a lack of definite local purpose and a strong possibility that this community would not receive all that is justly entitled to in this respect, at least not for several years unless prompt action was taken. Following the discussion President Claus appointed J. G. Berger, C. M. Strawn and George Lukeman, a committee to thoroughly canvass the situation and take action if feasible.

City Council Commended.

President Claus called attention to the city ordinance authorizing the collection of certain wheel taxes, and to the fact that the association was solidly behind the city council in this action at the time it was taken, and still is, and in appreciation of the good work done by the mayor and city council with the comparatively small amount received, the following resolution was unanimously adopted and the secretary instructed to transmit same to the mayor:

"Resolved: That this association thoroughly approves the present city ordinance calling for the collection of a certain wheel tax; that it heartily appreciates the good work done on the streets of Jacksonville by those having it in charge; that it believes the money so collected has been made to cover a great deal of work which must be of benefit to every person using the streets."

It is also Resolved: That the mayor, city council, and those directly in charge of this work, be heartily commended; that a copy of this resolution be sent to Mayor E. E. Crabtree, and that it be published in the daily papers."

COUNCIL HELD USUAL MONDAY SESSION

Gasoline Service Stations Principle Theme of Discussion—Will Hold Conference With Mr. Lukeman—Committee Will Report on Fire Department Reorganization.

The greater part of the city council session Monday night was given over to complaints relating to garbage disposal and the question of the use of public property by individuals or firms.

The latter question related especially to the placing of gasoline service pumps in the street.

The matter came up for consideration from the fact that E. F. Johnston on behalf of a number of citizens asked the council to take steps to stop the building of the service station now in progress as a part of the Lukeman garage on West State street. The council after an extended discussion passed a motion expressing disapproval of the plan now being followed and appointing a committee to interview Mr. Lukeman and report at a special meeting of the council on Wednesday night.

A communication was read from A. B. Ziegler making further complaint about smoke from the Capps mill and this matter was referred to the public health committee.

Alderman Cain reported the placing of quiet zone signs near both the hospitals on East State. It is believed these signs will greatly lessen the noise from cars in that vicinity.

A report was made from the police department showing that the wheel tax cases have been settled and that the law has been enforced in a uniformly fair and just way.

Alderman McGinnis called attention to the Illinois fire department platoon law and the necessity for such changes in the department working plan here. This matter was referred to the fire committee and the city attorney for investigation and report.

The Garbage Problem.

Complaints were made about the condition of several alleys in the business district especially the one running east and west between State and Morgan street. Alderman Elmh said all alleys had been put into good condition by the garbage department but it is impossible to keep them that way so long as the property owners expect work to be done which was not contemplated by the ordinance. Most of the aldermen were of the opinion that the only way to obtain relief by strict enforcement of the law against those who put trash in the alleys. Dr. King referred to the alley described above and said he had frequently notified the property owners to clean it. The reforms do not last long.

Alderman Flynn again reported the need of a better sidewalk over the railroad at Howe street.

Protest From Citizens.

E. F. Johnston who said that he represented a large number of citizens voiced surprise that the council has permitted the cutting of trees in the boulevard in front of the Lukeman garage and that the work of erecting a gasoline service station a part of it on city property is permitted to proceed. He intimated that citizens will mandamus the council to compel enforcement of the law unless something is done to stop or change the plan. The speaker said that the encroachment of individuals and firms upon the public property for mercenary purposes is a menace and that something should be done to call a halt.

Alderman Lonergan said that in a measure he agreed with Mr. Johnston but recalled the fact that when a few months ago Alderman Cain introduced a resolution which would control all such cases that a big group of well known citizens came down to protest the passage of such a measure. The alderman said also that Mr. Lukeman had shown the council his plans and that while no approval was given that no protest was made.

Alderman Rowe knew that station improvement was to be made but had the idea that a pump was to be placed at the edge of the curb as is done at other garages. He was of the opinion that it was not fair to the public to have the station built in accordance with the plan and suggested that the city attorney be instructed to enforce the law.

Special Meeting Proposed.

Mr. Bellatti asked for more specific instructions.

Alderman Williamson and other aldermen told of complaints received and protests made.

Mayor Crabtree explained some of the difficulties that have been encountered in the effort to control the placing of gasoline pumps and the wish of the council to regard the rights of the public and at the same time not hamper business.

An informal conference between Mayor Crabtree and various aldermen followed and then Alderman Chapin made a motion appointing the Mayor and city attorney to confer with Mr. Lukeman and to report to the council Wednesday night. Alderman Flynn offered a second to the motion which was adopted by a unanimous vote. It was the hope of the council that as the result of the conference that the service station plans could be altered in a way to make them satisfactory to both Mr. Lukeman and the public.

School at Normal arrived Wednesday night for the Thanksgiving holidays. Miss Janet Jones also came home from Chicago where she is attending the American School of Physical Culture. Miss Helen Scott will be home Friday night from Lindenwood College, St. Charles, Mo.

Mr. and Mrs. John Jones went to St. Louis Thursday for Thanksgiving and week-end visit with Mr. and Mrs. Thos. H. Coffe.

Elma Louena Grider Nichols
Elmo Grider, only daughter of Mr. and Mrs. Allen and Katharine Grider, was born in 1888, near Athensville, Ill., and died at St. Luke's hospital, St. Paul, Minn., November 11, 1921, at the age of 32 years, 11 months and 19 days. She was married December 6th, 1910 to Leonard L. Nichols and to this union was born two sons, Kevin and Blaine, now 7 and 9 years of age. After their marriage they lived in Oklahoma for six years and moved to St. Paul, Minnesota, where her death occurred. Mrs. Nichols has lived a beautiful Christian life and has been an active worker in the Homecraft Methodist church until the past summer, when she was obliged to remain at home on account of her failing strength, but her interest kept up to the last. Although Mrs. Nichols was ready to go she fought to the last in the hope that she could be spared to bring up her family with the same beautiful ideals that she had.

She had not been strong for the past five years, but since she had influenza two years ago she had gradually failed. She had only been confined to the bed since October 17th. She was taken to St. Luke's hospital Nov. 2nd, where she had a serious operation from which she lacked the physical strength to rally. She was laid to rest at Rose Lawn cemetery, St. Paul. She leaves to mourn her loss her mother and two brothers, Fred Grider of Ada, Minn., and Glenn Grider of Athensville, Ill.; the two sons and two step-daughters, Gretel, age 19, and Lucille, age 16, and a host of friends.

A tribute to Elma L. Nichols, faithful secretary of the Homecraft School Mothers' Club.

"She hath done what she could. Truly the spirit was willing though the flesh was weak." And now Sheaves after sowing—Sun after rain—

Sight after mystery—peace after pain—

Joy after sorrow—Calm after blast—

Rest after weariness—Sweet rest at last—

Light after darkness—Gain after loss—

Strength after weakness—Crown after cross—

After long agony—Rapture of bliss—

Right was the pathway—Leading to this.

RECONSTRUCTION WORK IN FRANCE IS DIFFICULT

Consul General of French Foreign Office Regrets That His Country Cannot Aid Ex-Servicemen in Way That Is Being Done in the United States

WASHINGTON, Nov. 27.—"America is extremely fortunate in being able to care for her disabled soldiers as she is doing and it is my regret that France is not able to do as much for her men," said H. Ponsot, a consul general of the French foreign office, who is in Washington with the French delegation to the disarmament conference, when he viewed the steps that are being taken toward the rehabilitation of the ex-servicemen in this country.

M. Ponsot said that the reconstruction problem in France is so much more acute than it is here that a comparison could not be drawn. The entire nation, he said, suffered to such an extent that it is not a matter of the state trying to compensate the soldiers and their families but of all trying to make the best of their losses. He said it would probably be ten years before the devastated areas were restored and that to accomplish this work the country was drawing heavily upon its future. Those who are not able to live by their own industry are supported by their local communities, and not by the state, he said.

He spoke enthusiastically of the plan of Col. Charles R. Forbes, director of the United States veterans' bureau, for the training of disabled men in the trades and crafts in centralized schools conducted by the government where they would have individual rooms, properly supervised mess halls and adequate medical attention. In spite of her heavy burden France is conducting schools along the same lines in order to adapt the disabled men to fitting occupations, he said. M. Ponsot was also very much interested in the government insurance system for ex-servicemen and the methods of compensating the dependents of disabled men.

A BAD HILL

There is a bad hill on the road from Springfield to this city near the residence of Marvin Thompson, not far from Alexander. Sunday a whole string of auto drivers had trouble. Charles W. Simms had wife were of the number and had to go to Mr. Thompson for gasoline. Mr. and Mrs. Clemens, Miss Edna Stout and a whole list of others whose names the writer could not ascertain, were other victims. The drivers had all manner of trouble getting up that hill, even chains not being enough in all cases. Seven hours were in getting from Springfield to Jacksonville and they were glad to get home at that. Some had to be hauled in and there was trouble generally.

THEIR FIFTY-THIRD WEDDING ANNIVERSARY

A short time ago, the fifty-third anniversary of the marriage of Mr. and Mrs. J. T. Osborne, of this city, was witnessed. The worthy pair made no special demonstration of the event but enjoyed the day quietly at home. The sons, Ernest and Percy, sent congratulations and all who were aware of the event, did the same thing. Mr. and Mrs. Osborne have spent over half a century of married life and they have an enviable record among their many friends.

Where Are You Going This Winter?

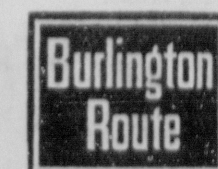

Why don't you take a trip to that charmed land of out o' doors and varied attractions—California?

While California performs no magic, it does rest the weary and refresh the weak. One can be out in the open air and glorious sunshine amongst the fruits and flowers beside the blue Pacific every day—his whole system vitalized and energized, filled with what they call "pep." There's no end of outdoor recreation and pastime possibilities in California.

Instead of being a hardship, the ride is a leisurely, care-free one, if you go via the Burlington. A continuous moving picture of inspiring wonders—farms, factories, interesting towns, fascinating cities, gorges, canyons, rivers, lakes, forests and world-renowned mountains—through Denver (the Paris of America), Colorado Springs (the City of Sunshine), the Pike's Peak region, Pueblo (the Pittsburgh of the West), the Royal Gorge (the most challenging canyon through which a railroad runs), Scenic Colorado, Salt Lake City (the Capital of the Mormons), Great Salt Lake (the mysterious American Dead Sea) and the ninety-mile-long gorge of the Feather River Canyon through the beautiful Sierra Nevada range. Convenient connection at Salt Lake for southern California points.

If you think you can't afford it, analyze the situation and you will change your mind. It costs money to remain at home. Taking this, the delights, comfort and benefits of the trip into consideration, how can you afford not to go? There are comparatively inexpensive hotels, boarding houses and eating places, as well as the palatial kind we hear so much about.

Ask me about the cost of getting there. Reduced round trip tickets, carrying long return limits, liberal stop-over and diverse-route privileges are now on sale.

RETURNED FROM DECATUR

H. J. Rodgers and W. J. Brady spent Sunday very pleasantly in Decatur, attending the older boys' Y. M. C. A. convention, which was composed of more than 1,200 delegates. E. J. Hauberg, of Rock Island, was a prominent speaker. He will be pleasantly remembered by many in this vicinity as a leading figure during the older boys' conference here, some years ago. During the meetings Sunday an appeal was made and 177 boys went forward and declared for their Master. It was a time of great interest and profit to all present.

Fourteen picked men of the American army form the enlisted personnel attached to the headquarters of General Pershing. These men wear special tailored uniforms, made by one of Washington's fashionable tailors, are of the finest serge cloth with the full-chest, broad-shoulder and thin waist-line effect, which set their handsome figures off to perfection. The "outfit" is known on the records as the "Pershing detachment," and their duty is to see that all military and official obligations are performed with the military precision and snap of the manual.

WOMAN IS REAL DIRT FARMER

Muskogee, Okla. — By The A. P.—A real dirt farmer is Mrs. Sidney Sharpe of Porum, south of here in this county, who has been designated the champion producer of oats in eastern Oklahoma this year. Her farm lands yielded 70 bushels to the acre, on an average, whereas many other farmers in the neighborhood produced 25 to 30 bushels.

Mrs. Sharpe is the largest woman land-owner in Muskogee county. She holds title to 800 acres, 500 of which were in cultivation last year, and ran three tractors.

Mrs. Sharpe is a student of diversified farming. Altho her land is located in a rich cotton country, she devotes but a reasonable acreage to that staple. In addition to raising oats and wheat she produces corn, kafir, sorghum and other feed crops.

PRICE OF WHEAT

TAKES ADVANCE

By Associated Press.
CHICAGO, Nov. 28.—Heavy falling off in the estimated exportable surplus of Australia together with a record breaking low condition of the winter crop in Kansas did a good deal today to lift the value of wheat. Prices closed unsettled, 2½c higher with Dec. \$1.14½ to \$1.14 and May \$1.17½ to \$1.17½. Corn finished unchanged to 1½c up and provisions unchanged to 55c higher.

The wheat market was a big broad affair with a material increase of trade from the outside. Commission houses were especially active on the buying side and were apparently impressed by the Kansas state report showing a crop condition of 58.6, as against 58 last year and a ten year average of 57.

Later in the day bullish sentiment was further stimulated by word that the leading British authority had reduced his estimate of the Australian surplus to 80,000,000 bushels, a cut of 20 per cent.

A decrease in the United States visible supply total was also a bullish factor but the effect of this influence was diminished by announcement that the figures on the Galveston stock as given omitted to take account of grain on track. Dry weather in southern Argentina and the smallness of the Japanese rice crop continued to receive attention.

Corn and oats were relatively weak. Talk was current that the close of lake navigation would bring about stoppage of export business in corn. Scantiness of offerings tended to strengthen provisions.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, Nov. 28.—Spot premiums for corn were about 1¢ easier today in comparison with the December delivery, although receipts were moderate. Country offerings were small and New Orleans outbid Chicago for corn in Illinois for Sunday and was said to have brought 100,000 bushels in the west. The cash basis was also easy. Cash sales here today were 15,000 bushels of wheat, 145,000 bushels of corn and 37,000 bushels of oats.

Export demand for corn was slow with exporters intimating that the 3c over December, c. i. f., Buffalo against sales of 6½c premium Saturday. Sales of 100,000 bushels of corn and 100,000 bushels of rye were made to go to store here. Some wheat and rye was sold for export at the seaboard but no figures were given.

Car lot receipts: Wheat, 47; Corn, 351; Oats, 115.

DUNCAN CLARK TALKS OF PEACE CONFERENCE

Speaker Believes It Will Get Results—Says We Must Act in the Fear of God and All Will Be Well.

One of the rarest treats that a Jacksonville audience has had for a long time was enjoyed Sunday night at Congregational church when Duncan Clark of Chicago spoke on the Washington conference and disarmament. The first number on the program was a vocal solo, most capably rendered by Mr. Oldham of the State School for the Blind. The gentleman possesses a voice of rare beauty and power and his effort was highly pleasing.

Few persons are better able to discuss the great questions now before the public than Mr. Clark and the only regret is that a complete report cannot be given of his excellent address. He said in part:

When the news came that the armistice had been signed and the last shot in the great world war had been fired it was hoped that strife had ceased but now that three years have passed what are the conditions? To be sure Turkey has been well nigh placed where she can do little hurt; the empire of the Hapsburgs has been overthrown, but after all today we are far from reaching the goal which we had so fondly hoped would be accomplished.

We hoped that war would end, that the world would be safe for democracy and that conflict would cease but how far these results are from being accomplished. We may well feel that much blood and treasure have been spent in vain. The gathering at Washington is a move in the right direction. In the first place it is an example of the five great nations and when they set the right example other nations will follow.

This convocation comes together under very favorable auspices. When the thunderbolt of Secretary Hughes was hurled into the conference something at once took place. Had it been behind closed doors the total effect would have been lost but as it was the whole world sat up and took notice and the great masses said amen. I often have wished I could have seen the countenance of Mr. Balfour when he first heard the statement. I have wondered what the Japanese ambassadors thought of it. I know what the people thought of it.

No Quibbling Over Trifles
It was a notice to the delegates gathered that this conference was not assembled to quibble over trifles but to get right down to serious business and that at once and even now if the delegates should go home great things will have been accomplished, but it is only the beginning.

The world looks to America to take the lead and set things right. It is simply awful to contemplate the results should this conference fail. Had I told you at the beginning of this war that deadly gases would be used; that a gun would send shells into a defenseless city seventy miles

away; that a relentless enemy would shell hospitals and defenseless ships; that battles would be fought in the air and many other things you would have said you had a place in the south part of your city for such people as that and the quicker I want there the better. Now in view of those facts contemplate what would take place ten, fifteen, twenty, thirty years hence. I am an optimist yet I shudder when I consider the spectacle. The great lesson to be learned now is to create a desire for peace through the world, and it depends on the great nations to set the pace. Today the greatest expenses have been for war but now the people will rise in their might and demand a cessation from the awful waste of life and treasure.

America Brought Victory

It was America that caused this war to end as it did. Had we not taken a part as we did it would have gone the other way and the result is fearful to contemplate and the nations look confidently to America to help settle the question right and see that it is done. A fine beginning has been made and now it is for us to go ahead and carry it out. One thing must be distinctly borne in mind and that is the treatment of China. She is a weak nation and has been cruelly exploited. We censure Japan for her course but what are the facts? Nearly all the other great powers have under one pretext or another gained portions of Chinese territory and Japan saw that was going on and didn't see why she should do the same thing. England, Germany and other nations gained footholds there and the weak Chinese government was unable to resist.

A question can never be settled till it is settled right. The nations of the earth must do China justice if lasting peace in the world is to obtain. Our country has set a good example in that direction. The great difficulty in dealing with China rests in the fact that her own government is so weak and inefficient and that there are constantly civil wars in her domains; the north against the south and each governor of the provinces doing about as he pleases. We will hope that in some way the people of the world will follow the results of the conference.

It is unfortunate in some respects that Germany could not have been represented at the conference tho it was hardly practicable and the same may be said of Russia tho it is plain that was impossible. President Harding is handling the question very well and Germany may perhaps be consulted in the matter.

France Deserves Sympathy

France has much ground for sympathy. She asked for guarantees that she would be sustained and aided against the aggressions of Germany in the future and had some assurance that she could get it she gave up possession of the left bank of the Rhine. She failed to get the assurances from England and America and while Germany stoutly disclaims any aggressive intentions France has much to fear for all know the spirit of revenge that exists in Germany today notwithstanding her protests of peaceable intentions.

Had our land been so devastated as was hers; had we suffered as France has suffered we would want all manner of guarantees that our future would be safe. Think of the awful cost of conflict. Before the world war the expenses of the governments per family of five for a year were in the U. S. \$33, now \$204; Great Britain \$102 against \$548; France \$122 against \$633; Italy \$70 against \$642. The people will not always stand this. They will object to this enormous increase due almost entirely to wars past and anticipated. They will say we better have no such government and they will have grounds for the assertion.

We may then have great hopes from this conference. It is open to all and is backed by a mighty world opinion and sentiment and the delegates will hardly dare go home and tell their people nothing has been accomplished. Can the Hughes proposition be carried out, then the reduction of armies may follow. If the great nations have only small navies they will not be able or willing to undertake any aggressive wars. Japan must have her matters settled and some bartering in the right way will be necessary for she has to have an outlet for her great and increasing population but she wants to have no war with us.

One great guiding principle must be at the bottom of all negotiations. We must act in the fear of God and follow His precepts and then all will be well.

Next Sunday night the oratorio Elijah, conducted by Prof. Quast, will be presented.

SPECIAL SERVICES

AT ALEXANDER CHURCH
The Alexander Epworth league will observe "Win-My-Chum," week services each evening at 7:30 o'clock, this week. The speakers for the services are as follows:

Monday, Rev. C. D. Robertson.
Tuesday—Dr. F. M. Rile.
Wednesday—Rev. G. W. Randall.

Thursday—Rev. T. H. Toll.
Friday—Dr. E. L. Pletcher.
Sunday—Prof. W. J. Weber, of Illinois Woman's college.

Everyone is cordially invited to these services.

SURVEYING FOR HARD ROADS

A party of surveyors, consisting of Messrs. W. A. Jenz, C. W. Van Gundy, J. E. Malone, M. Sagel, George Galusha, C. D. Hansline and C. G. Wile spent Sunday night in the city and started out Monday morning in a westerly direction, looking over the road between this city and Winchester.

ASSOCIATION IS VALUABLE ASSET

Joy Prairie Shipping Association Ships Lots of Livestock—Any Farmer May Make Use of the Organization.

The Joy Prairie Shipping association has proved a valuable asset to the thirty three farmers in it. Ed Houston, the manager, has made public some surprising facts. The first fourteen cars shipped thru the association, weighing 280,690 pounds, were sold for \$19,218.33. Hogs to the number of 859 and 185 cattle were shipped.

The following charges go into making the expense of the shipment as follows: Insurance on hogs in transportation, \$42.46; a sinking fund for the operation of association, \$23.81; manager's commission of \$218.56. This added to the cost of freight, yardage and feed, etc, gives a total cost of \$1,642.55. Figuring on a basis in weight, the shipping association has placed these cars on the market at a total cost of 38c per hundred for the shipper.

Any farmer who ships live stock can make use of the shipping association and become a member by notifying Ed Houston. The value of these associations has been repeatedly demonstrated. As these shipments help to govern cost, shipments will be decreased. This will be made more certain when lower freight rates come in to effect.

MRS. WADSWORTH TALKS TO BAPTISTS

Mrs. Wadsworth, field representative of the Northern Baptist board of promotion, from California, talked Sunday morning before the congregation of the First Baptist church. She told of the use of the funds raised during the New World movement drive and also of needs to be met. When the missionaries estimated their needs they gave only the bare necessities, and much more could easily be used.

An Indian congregation in Arizona was the first church to meet the call for money. Mrs. Wadsworth says, with \$1,800 in funds of \$600, their quota. Land has been given for schools and churches in Bengal, Orissa, a steel city which sprung up in a few years. Mrs. Wadsworth has had broad experience in her field work.

GAVE DINNER FOR FRIENDS

Thanksgiving day was well remembered at the Pleasant home of Mr. and Mrs. Dillon Bridgeman, northwest of the city. At noon a bountiful dinner was served which was enjoyed by all the evening was spent in games. Prizes were won by Miss Izola Jacoby and Miss Velma Behymer. Those present were Mrs. James Behymer, Mr. and Mrs. Robert Bowman and son, Parke William, and the Misses Izola Jacoby, Velma Behymer, Hazel Jacoby and Dorsie Behymer.

THIEVES VISIT LIBRARY AGAIN

The public library was broken into Sunday night for the fourth time in two weeks, but nothing has been noted as missing so far. On previous occasions small amounts of cash have been missing. The burglar gained admittance through a window, and also broke into the Red Cross room. Marks on the front door show that an attempt was made to force it open.

RUBBER DEMONSTRATION

In the west window of Hoppers' shoe store is an interesting exhibit of rubber and its products. The crude mass is shown and then boots' shoes, blankets and all sorts of articles made from that useful material are shown. The whole is quite extensive and was witnessed by a great many yesterday.

COAL SHED DAMAGED

Monday evening at 8 o'clock, the fire department was called to the residence of J. J. Kelley in East Dunlap street, where fire had started in a coal shed and chicken house. It was extinguished but not before the shed had suffered considerable damage.

TAKES AGRICULTURAL CLASS TO CHICAGO

J. H. Loomis, instructor in agriculture at the high school and eighteen of the boys in his classes went to Chicago last week to see the International Livestock show. The boys had a fine time and learned a lot during their stay. Their only regret was that they couldn't stay longer.

AN AUTO TRAVELER

Monday afternoon, Robert Loeb of Caspar, Wyo., drove into the city, seeking the way to Springfield, which was shown him. His car was well spattered with mud and showed the effects of a long journey.

PETER GOLDEN TO APPEAR HERE

Peter Golden, known as the "silver tongued orator," will address the people of Jacksonville Wednesday night, Nov. 30, at the K. of C. hall. Mr. Golden comes under the auspices of the American association for the Recognition of the Irish Republic, and is considered a very eloquent speaker, with a vital message. No admission price will be charged.

Miss Gladys James was the guest of Mrs. Eledith Dewees Saturday and Sunday, at her home in the Joy Prairie neighborhood.

Charm of Motherhood

THERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back ached until I could hardly stand the pain. I doctored for years, and the doctor said nothing but an operation would help me, and that I could not have children. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles of it and it helped me wonderfully, and I now have a fine baby boy, thanks to what your medicine did for me in restoring my health. I can highly recommend the Compound to all women who suffer from female ills."—Mrs. Wm. Reiss, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and could not have any children. I took doctor's medicine without success, and he advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. I soon felt benefitted by its use, became regular, and now we have a fine baby girl after having been married nine years. I am always glad to recommend Lydia E. Pinkham's Vegetable Compound to my friends who suffer from such troubles."—Mrs. H. B. Held, 330 Jefferson St., Marinette, Wis.
